

Inflatable Buoyant Apparatus (IBA) Competition
A PVF Fundraising Event

USCG will enforce, proper donning of the PFD, use of an Adult vs. Child PFD, passenger remains on the pier (red tape), board the raft, and sit down, etc. When all passengers are seated, they can exit the raft, return to the pier, remove their jacket and properly stow such and return behind the line.

The time is recorded, and then the deductions begin from the USCG. The combined score is then recorded. The best time wins

Demerits:

Passenger steps off pier	- 10 second added per passenger
Passenger dons inappropriate size PFD	- 10 seconds added per passenger
Passenger does not stow PFF properly	- 10 seconds added per passenger
Roster not full 20	- 40 seconds added per passenger
Rations:	- 10 second added per passenger
Paddle:	- 5 second added per paddle not placed in water
Rations:	-10 second added of ration package is opened

Bonus:

Time will be reduced for the teams that signed up and paid first, second, third & fourth

First Place: 25 seconds -

Second Place: 20 seconds –

Third Place: 15 seconds –

Fourth Place: 10 seconds -

All 100 participants must be in the staging area prior to competition start

- 1) The pier to the IBA is going to be in view from the muster area.
- 2) The team must pick up rations (20) and four paddles along the pier/muster area.
- 3) Rations and paddles are to be distributed once all passengers are seated in the IBA.
- 4) Four paddles must touch the water (deck).

- 5) When they return to the start point, they should be made to stack their life jackets back in a pile so we do not have to do that each time. Rations and paddles must be stowed properly too.
