Tugg of War Competition
A PVF Fundraising Event

Set up one course

Pairing for the first round will be via drawing of numbers, one team to receive a first round bye.

An approximate 140' 1.5" to 2" (approximate) line will be used, the "center" will be marked on the line and a demarcation line on the deck. The Pre-Event Handicap (set by order by which a Region registers a fully paid team roster of 20) and Deficiency Handicaps (set by the number of team mates missing from a 20 person full roster) will be used to offset one team against the other in relation to the demarcation line on the deck. Once the presenter blows a fog horn the competition will begin. The team that is drawn over the demarcation line on the deck first will lose and is eliminated from the competition.

All 100 participants must be in the muster area prior to competition start
